TO WIPE OUT PEONAGE

Mrs. Quackenbos to Begin Campaign Against Practice.

AN OUTLINE OF HER PLANS

She Thinks Immigration Into the South Will Not Suffer Material Set-Backs from Exposure of Oppression on Foreign Labor.

New Orleans, La., Nov. 23—An outline of her plans for stamping out peonage in the south was given out Friday by Mrs. Mary Grace Quackenbos, the only woman special assistant to the attorney general of the United States. Mrs. Quackenbos was recently assigned to investigate peonage in southern states.

"One thing which I am compelled to fight against," said Mrs. Quackenbos, is the fact that few persons as yet realize my motive and purpose. With the proper support I believe I can completely wipe out peonage in the south within the next year."

Mrs. Quackenbos' prediction is based partly on her belief that peonage is not at all general. In her opinion immigration into the south will not suffer material set-backs from the exposure of this oppression on foreign labor. She says that charges of oppression in the south recently made in foreign countries, are almost wholly due to letters which immigrants have written home and that a government investigation, by removing the cause for such letters, will benefit immigration.

Friday Mrs. Quackenbos arrived in Jackson, Miss., to prosecute a peonage charge there against O. B. Crittenden, a planter. When this case is settled her investigation will begin in Louisiana.

CHARGE OF GRAND LARCENY.

Three Officials of a Suspended New York Bank Indicted.

New York, Nov. 23—The King county grand jury, which is investigating the recent management of the suspended Borough bank, of Brooklyn Thursday returned indictments charging larceny and other offenses against Howard Maxwell, who was president of the institution when its doors were closed. Arthur D. Campbell, the deposed cashier, and William Gow, a director, who holds a controlling share of the bank stock. These three men are jointly charged with grand larceny in the first degree in the misappropriation of $145,000 deposited by the executors of the Carrie M. McGuire estate. There is a second indictment for grand larceny against Maxwell, who is also indicted for forgery in the third degree. A second indictment against Campbell charges forgery in the third degree. In addition to the grand larceny charge Gow is indicted on four counts alleging misdemeanors in the matter of overdrafts. He is charged with having overdrawn his account to the amount of nearly $24,000. Maxwell also, it is alleged, secured overdrafts aggregating nearly $73,000.

Following the report of the jury the three men were arrested and arraigned. All pleaded not guilty, and were held for a hearing.

Spanish War Veterans to Meet.

Atlanta, Nov. 23—Camp Brumby Spanish War Veterans, held an interesting meeting Thursday evening and many new members joined. Commander John W. Cox announced that the department commander, Charles W. Parker, of Elberton, Ga., had called a state convention to be held in Macon, Ga., on Nov. 27, and that all Spanish war veterans are invited to attend. Holiday rates will be in effect.

Jewel Sale Again Postponed.

Brussels, Nov. 23—The sale of the jewels of the late Queen Marie Henriete of Belgium has again been postponed, this time for three weeks, at the request of her eldest daughter, Princess Louisa. The sale was ordered by the courts for the benefit of creditors.

DEATH AT DANCE.

Trouble Occurs at Country Dance In Mitchell County, Ga.

Albany, Ga., Nov. 23.—With all lights extinguished, pistols volleying, terrified women screaming, and the injured groaning, a country dance at the home of George Vines, one mile from Flint, in Mitchell county, wound up between 11 and 12 o'clock Thursday night in a carnival of blood.

When the smoke of battle lifted and lamps were relighted it was found that Will Shiver, member of a prominent Mitchell county family and a young man highly thought of, was dead with a bullet in in his brain; Peter Luckey and Floyd Fowler were painfully wounded by pistol balls; Mack Ford and Hillie Shiver were insensible from the effect of frightful beatings, and several others were injured.

The coroner is making an investigation of the case, but at last reports no verdict had been returned. A large number of witnesses will be examined and there will probably be some delay in reaching a verdict. There is a good deal of doubt as to who fired the shot which killed Shiver, owing to the fact that the lights were all extinguished at the time the shooting began.

About thirty shots were fired in the crowded room in which the dance was being held, and it was miraculous that many more people were not killed or seriously injured.

PLEA OF INSANITY.

Defense in Bradley Trial Introduces Expert Testimony.

Washington, Nov. 23.—The defense in the trial of Mrs. Annie M. Bradley, charged with the murder of former Senator Arthur M. Brown, of Utah, in this city last December, Friday endeavored to strengthen its plea of insanity by introducing expert testimony on this subject. Several alienists of note were present expecting to take the stand during the day.

Although it is not claimed that at the present time Mrs. Bradley is insane, the experts will be put on the stand to show that for some time previously and on the date of the tragedy Mrs. Bradley was irresponsible, caused by the several criminal operations, and by the many wrongs which Brown is alleged to have heaped upon her, culminating in his change of heart. As the case progresses interest in its increases.

Long before the doors to the court room were opened a crowd of men and women had collected on the outside waiting an opportunity to hear some of the testimony and get a glimpse of the frail little woman who has achieved so much notoriety.

MAN SCALDED TO DEATH.

Fatal Accident at Plant of Atlanta Gas Light Company.

Atlanta, Nov. 23—Charlie Andrews, a negro, was scalded to death, and Jim Smith, a white man, and Cicero Fielding, a negro, were seriously burned while working on a boiler at the plant of the Atlanta Gas Light company Thursday afternoon.

The men were in the fire box of one of the boilers, having entered in order to clean it out. It is alleged that the boiler, which is one of the 125 horsepower boilers of the plant, had no fire under it for five days and it was not known that the water was boiling. While the men were at work in some manner they broke the 2 inch exhaust pipe and turned upon themselves a stream of hot water. Andrews, who was nearest the exhaust, was scalded to death almost instantly. Smith, and the second negro, however, were rescued before they had been injured fatally.

Primary Held in Walton County.

Monroe, Ga., Nov. 23—In a primary held in Walton county to nominate a successor to Dr. W. L. Galloway, a deceased Georgia legislator, John W. Arnold, Jr., was nominated by some twenty majority over his opponents, Rev. Thomas W. McCutcheon and W. H. Wood, Wood coming second. Mr. Arnold is a successful business man of Monroe. Rev. McCutcheon a prominent Baptist minister and Mr. Wood a leading farmer of near Loganville.

QUARRYMEN IN RIOT

Attempted Wage Reduction Precipitated Bloody Fight.

REVOLVERS FREELY USED

At Joliet, Ill., Where a Strike Has Been on, Strikers and Men Wishing to Take Their Places, Clash—Police Patrolling Quarry District.

Joliet, Ill., Nov. 23.—A riot occurred Friday as a result of a strike following an attempted wage reduction among the quarrymen.

Strikers and men wishing to work clashed in a bloody fight. Revolvers were used, but most of the shots were fired in the air to intimidate.

Stones were hurled and a number of men on both sides were hit, but no serious injuries are reported. The riot occurred in the vicinity of the Western Stone company's quarries, to the southeast of Joliet.

The wage scale of 20 cents an hour for ten hours, it was announced, would be reduced to 17½ cents an hour for nine hours. In consequence the men on the various quarries have been on strike since last Monday. On Friday men from the quarries at Lemont, Ills., went to Joliet to take the places of some of the strikers and this precipitated the clash.

Police and deputy sheriffs are now patrolling the quarry district.

WERE EXONERATED.

Captain and Crew of Mississippi River Boat Acquitted.

Cairo, Ill., Nov. 23.—Exoneration from the charge of reckless navigation, which endangered the life of the president of the United States during the river trip from Cairo to Memphis, Tenn., Oct. 3, was obtained Thursday for the officers and crew of the steamer Dick Fowler, who were found not guilty by United States Inspectors Waltz and Hodge, of Memphis, after a trial Thursday.

The charges were brought by Commander L. S. Vanduser, U. S. N., inspector of the nineteenth and sixteenth lighthouse districts, who was on the lighthouse tender Lily, which acted as escort to the steamer Mississippi, the boat on which President Roosevelt traveled from Keokuk to Memphis.

The Fowler was accused specifically of running by the Lily without sounding her whistle and running too close to the steamer Mississippi, the boat the president was on, thereby endangering his life.

The captain of the Fowler was suspended on the express order of President Roosevelt.

FIRST BREAK OCCURS.

Alabama Legislature's Onslaught on Liquor and Railroads.

Montgomery, Ala., Nov. 23.—The first break in the onslaught of the legislature on intoxicating liquors and railroads has come in the failure to pass a bill to lower the rates on excess baggage and provide against sale or distributing liquors in clubs.

The first bill was killed on a straight vote in the senate and the latter in the temperance committee of the senate too late to get it from it adverse report.

Members who had voted for the railroad measures openly said that they had enough and would not pass the baggage bill while some of the most ardent prohibitionists were against the club house bill for the reason that it would be difficult to interpretation and make every member of a club a criminal if any other member distributed liquor.

Brisk Demand for Currency.

New York, Nov. 23—Some brisk is the demand for currency that it was dealt in on the curb Thursday and those in need employed brokers to bid for it. The quotation was a lot of $10,000, which brought from 2 3-8 per cent to 2½ per cent. For gold due to arrive Saturday 2 per cent premium was bid and for gold due next week 1 3-4 per cent.

RIOTING IN LOUISVILLE.

Result of Railway Co.s Attempt To Operate Its Lines.

Louisville, Nov. 23.—Several disturbances, two of them developing Thursday night to fair-sized riots, broke out in widely separated quarters of Louisville, as a result of the first attempt of the Louisville Railway company to operate all its lines after nightfall.

As the result of the disturbances, a number of persons, some of them passengers, were more or less painfully hurt, but so far as known none was seriously injured.

The most serious disturbance occurred at Twelfth and Oak streets, shortly after nightfall. Strike sympathizers scaped the track and stopped several cars. The last car to be thus obstructed was derailed and a battle between several police officers and the crowd followed. A number of shots were fired. Several persons received slight injuries.

At Story and Frankfort avenue a dozen cars were stoned and some of the passengers received cuts from flying glass. At Twenty-fifth and Portland avenue a man fired a shot gun into a car, slightly wounding a woman passenger.

C. F. PERSONS PASSES AWAY.

Well Known Newspaper Man Dies at Stamford, Conn.

New York, Nov. 23.—Charles F. Persons, until recently vice president and assistant general manager of the American Press Association, New York city, died at Stamford, Conn. Mr. Persons was born in Rushford, N. Y., fifty-three years ago and educated at the nearby schools and learned the printer's trade on the Cattaraugus Republican at Little Valley, N. Y. Later he started the Bradford (Pa.) Era at the time the Bradford oil-fields were opened. From Bradford he moved to Olean, N. Y., where for many years he was editor and proprietor of the Olean Daily Herald.

About twenty years ago he became manager of the American Press Association's New York office, was promoted to secretary and assistant general manager and still later became vice president and assistant general manager. He was taken ill a year ago and went to California to recuperate, but the change did not prove beneficial. Three weeks ago Mrs. Persons died. Mr. Persons is survived by two daughters, Mrs. Frederick E. Gwinn, Jr., and Miss Marjorie Persons.

PROBABLY FATAL COLLISION.

Head On Collision Between Electric Cars at Sandusky, O.

Sandusky, O., Nov. 23—In a head-on collision Friday between an interurban Lake Shore electric railway motor and a city car a dozen men were injured, five so seriously that they were taken to the hospital and two may die from injuries received.

The police arrested Motorman Baldwin and Conductor Landis, of the interurban car and attempted to arrest William Jakes, conductor of the city car, but Jakes, although injured, escaped.

A heavy fog hung over the city when the collision occurred.

Strange Death of Negro.

Rome, Ga., Nov. 23.—A strange happening occurred in Rome Wednesday night. A negro named Joe Friday, who lived in the fourth ward, was found dead in his bed Thursday morning. He was examined and no marks of violence of any kind were found on his body. He had not been sick lately and an examination by physicians disclosed the fact that he did not die from heart failure or any other heart trouble. As there was no evidence of poisoning, a coroner's jury was summoned and after the investigation a verdict was brought in a verdict [illegible] came to his death from causes unknown.

Four Hundred Men Laid Off.

Albany, N. Y., Nov. 23.—About 400 men employed in the shops of the New York Central and Hudson River railroad at West Albany, have been laid off. This is about a quarter of the entire force.

HAD NARROW ESCAPE

Six Girls, Locked in Air Tight Vault, Almost Suffocate.

PRANK OF AN OFFICE BOY

Six Stenographers of Chicago Have a Thrilling Experience By Being Imprisoned in an Air-Tight Vault, But Were Finally Rescued.

Chicago, Nov. 23.—Six young women stenographers employed by the American Steel and Wire company had a terrifying experience Thursday as the result of a practical joke played on them by an office boy.

There are thirty young women employed in the order department transcribing invoices on the typewriters. During the noon hour they usually go to the carrouses and play parlor games until the return of their supervisor.

Thursday six of the young women conceived a variation of the game and adjourned to a cashier's private vault to sing. They left the door partly open.

Just when the chorus was in full swing forth in reverberating volume, Willie Osterholt, the office boy, came up to the vault, banged the door shut and gave the combination lock a whirl.

The song of the imprisoned maidens died away in a shriek while six pairs of feminine hands beat on the steel door. The other young women stenographers sprang to the rescue and Willie hastily decamped. The vault was airtight, and none of the girls knew the combination; in fact, it was known only to A. P. Pratt, head of the filing department, and he was at his lunch.

One cool headed young woman found the janitor and rushed him to the spot with pickax and crowbar.

A hole was soon made in the vault wall through which the prisoners received air. They said they had almost suffocated.

Mr. Pratt returned later and released the six girls.

One of the stenographers suffered from a nervous shock as a result of the experience and was sent home in a carriage.

The office boy was discharged.

HE REFUSED SCRIPT.

Chicago Man Demanded Hard Cash Return as Change.

Chicago, Nov. 23.—A dispatch to the Tribune from Milwaukee says:

Troubles of wealth weighed heavily on the hands of Peter Callahan of Chicago Thursday because he would want Milwaukee bank certificates. Callahan went to one of the Third street banking institutions and a personal note for $25 was discounted.

"Take the change out of that," demanded Mr. Callahan, handing over a $1,000 bill.

He refused script. Finally Callahan visited an attorney and effected an agreement whereby he was paid in cash. The cash was all right. It consisted of 971 silver dollars, and some small change, about sixty pounds.

Charged with Larceny.

New York, Nov. 23.—J. H. Eddy, manager and confidential clerk for Brown & Sanderson, paper manufacturers and brokers, of No. 2 Wall street, was arrested Thursday on a charge of larceny from his employers. The specific charge upon which the arrest was made was larceny of a $1,000 check. Herbert F. Brown, a member of the banking firm, however, said that thefts aggregating $20,000 would be charged against Haslam.

$70,000 Fire at Cincinnati.

Cincinnati, O., Nov. 23—Fire in a four story building at Sixth and Second street, occupied by the Downard & Kolling, leaf dealers and dealers, was discovered early Friday, entailing a loss of $70,000 and building estimated at $30,000. Several other firms sustained damages, estimated at $10,000.

The National U. D. C.

Referring to the recent meeting of the U. D. C. in Norfolk, Va., The Jacksonville Metropolis says:

"The closing day of the annual convention of the United Daughters of the Confederacy at Norfolk, Va., on November 16th was a very full one. Nearly every State had some especial work of merit to bring before the public, and many appropriations were made and donations from the different divisions and chapters pledged.

"The monument over the Confederate dead at Arlington cemetery is the most important thing now on hand, the United States Government having for years withheld permission for the South to erect this monument. Ex-Secretary Hillary A. Herbert of Alabama, Secretary of the Navy under President Cleveland, finally took the matter up, secured the necessary permission, and has twice appeared before the United Daughters of the Confederacy to secure their co-operation and assistance. Now that the magnificent monument to President Jefferson Davis is completed at Richmond, to which Florida gave more than $2,500, this Arlington monument, and a monument on the battlefield at Shiloh are to be pressed to completion.

"An important feature in educational work is the $100 prize given annually at Teachers' College at Columbia University, for the best essay on one of five given topics of Confederate history. This scholarship was presented to the convention at St. Louis by Mrs. Livingston VanRensalaer Schuyler of New York, who is a Florida woman. It was gratefully received at Columbia, and is now one of the most important and most popular works done by the U. D. C. In addition to this prize, the U. D. C. has a class scholarship at Teachers' College, given through Mrs. Schuyler, for 1907 and 1908. The convention made up the $350 necessary for the living expenses of the student for one year, and South Carolina, the first State to secede, has the scholarship for 1907.

"Report was made to the convention that the Jefferson Davis Memorial Association of New Orleans will build a monument in that city to President Jefferson Davis, the monument to cost $50,000

"The many good things done by this convention cannot be enumerated, but the Stonewall Jackson Hospital at Lexington, Va., having the residence of General Thomas J. Jackson, better known as Stonewall Jackson, as their property, have established the Stonewall Jackson Memorial Hospital, and are still in need of many things, among them being an endowment fund.

"The annual election of officers resulted as follows:

"Mrs. Cornelia Branch Stone, Dallas, Tex., president general; Mrs. E. P. Poe, Baltimore, Md., first vice-president; Mrs. Willard, Wilmington, N. C., second vice-president; Mrs. Anderson L. Dowdell, Opelika, Ala., recording secretary general, re-elected; Mrs. Roselle C. Cooley, Jacksonville, Fla., corresponding secretary general; Mrs. A. L. Williams, Louisville, Ky., treasurer general, re-elected; Mrs. L. H. Raines, Savannah, Ga., custodian of crosses of honor, re-elected.

"The next general convention of United Daughters of the Confederacy will be held at Atlanta, Ga., opening on the first Wednesday in November 1908."

Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. J. W. McCollum & Co.

THE PERFECT WAY

Scores of Florida Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashlet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A CHINA WEDDING.

Mr. and Mrs. Henry Ramsey Celebrate Fifteenth Year of Marriage.

There was an informal but delightful wedding anniversary at the home of Mr. and Mrs. Henry Ramsey, North Gainesville, Thursday, when Mr. and Mrs. Ramsey celebrated their china wedding, being the fifteenth year of their marriage.

There were only a few relatives present around the family board, but those present enjoyed the elegant viands which had been carefully prepared. There were all kinds of good things to eat, and altogether the affair proved a most delightful success, the host and hostess receiving several handsome presents appropriate to the occasion.

Mr. Ramsey was married to Miss Hattie Dorman of this city fifteen years ago on the 21st inst., the solemn ceremony being performed by Rev. I. E. Webster. They have lived happily ever since, and during this period four children—three fine girls and a bright boy—have been born to them. The boy, a bright little fellow, is only about two years old.

After dinner a pleasant chat was indulged in, after which the guests departed with the wish that they might have the honor of attending many more wedding anniversaries of the happy couple.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

The Medlins Entertain.

On Wednesday Mr. and Mrs. R. D. Medlin, at their hospitable home on Roper avenue, East Gainesville, entertained a select number of friends at an old time turkey dinner, and it is needless to add that both the dinner and the hospitality of Mr. and Mrs. Medlin were appreciated.

At this dinner as guests were Mr. and Mrs. Gus A. Morton, Mr. Gorato and Dr. Farley, all of Williston, the last being the "guest of honor," as this old gentleman, who is now in declining years, has been the family physician of the Medlins for many years.

The dinner was most delightful in every respect, and the guests feel under many obligations to the clever host and hostess.

There Is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

WHERE IS THIS MAN?

Christian Mattern's Relatives Want to Know Something of Him.

Where is Christian Mattern?

That is the question which is now agitating the minds of his relatives and the attorney for the estate of his grandfather.

Attorney W. H. Roland of Lancaster, Pa., writes Postmaster L. C. Lynch of this city to the effect that Mattern left his home in Lancaster, Pa., about ten years ago, and that he was last heard from in Gainesville about six years ago. The attorney adds that his grandfather's estate is about to be settled up, and his relatives are anxious to learn his whereabouts if living, or if he is dead.

Postmaster Lynch has in his possession a letter addressed to Mr. Mattern, which will prove of interest to him. If any person knows of his whereabouts they would confer a favor by notifying him of the desire of his relatives to get into communication with him.

TOM M'QUEEN NOT DEAD.

Man Who Was Shot by McQueen Chaires at Old Town Still Alive.

From Friday's Daily Sun:

A report of the shooting of Tom McQueen by his cousin, McQueen Chaires, at Old Town, on Sunday, appeared in The Sun of Tuesday morning, with the report that McQueen had died on Monday afternoon.

This seems to have been a mistake, The Sun having been misinformed. Parties arriving from that section Thursday stated that the victim was getting along finely, and would recover from the wounds inflicted by Chaires.

This will be gratifying information to the numerous friends and acquaintances of the wounded man through this section. The whole affair was a deplorable one, and it is a good thing that no loss of life resulted therefrom.

A Methodist Minister Recommends Chamberlain's Cough Remedy.

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.—Rev. James A. Lewis, Pastor Milaca, Minn., M. E. Church. Chamberlain's Cough Remedy is sold by all druggists.

E. B. Godwin Resigns.

E. B. Godwin, for the past two or three years in the employ of C. W. Chase as manager of his naval stores department at Paradise, has resigned his position, and it is said will move to Gainesville.

Mr. Godwin has not yet decided as to what he wil do, but it is rumored that there is a possiblity of his engaging in the naval stores business with D. E. Godwin, his brother.

WOMAN'S CLUBS IN BUSY SESSIONS

All Exercises Thursday Were Well Attended and Highly Enjoyed.

SESSION WILL CLOSE TODAY

Session Has Been a Very Enjoyable One and Will Long be Remembered by Those Who Attended—Ladies Well Pleased.

From Friday's Daily Sun:

Thursday's session of the Florida Federation of Woman's Clubs opened at 9:30 o'clock a. m. with the reading of the minutes of previous meetings, which was followed by the announcement of nominating committees and reports of department committee, committee on social purity, committee on bird protection, committee on art, committee on library extension, report on federated clubs, etc.

All reports were very encouraging, many of them being of deep interest to those present.

There was an afternoon session, at which there were reports of the forestry and civic departments, a continuation of the reports of federated clubs, and the report of the educational and industrial departments.

In the evening there was a fine address on Child Labor by Prof. A. J. McKelway, assistant secretary of the National Child Labor Committee, when the business of the convention was resumed.

The meeting will conclude this morning at 8:30 o'clock, with a meeting of the board of directors.

From Saturday's Daily Sun:

The thirteenth annual session of the Florida Federation of Woman's Clubs came to a close Friday morning, after three days spent in social and business sessions in this city, being the guests of the Twentieth Century Club here.

While this convention was not as largely attended as was anticipated or hoped for, the delegates present represented the intellect of the various sections from whence they came, and altogether the meeting was a grand success from every point of view. Those who did come thoroughly enjoyed the occasion, and are loud in their praise of the hospitable manner in which they were entertained by the ladies of Gainesville.

The session closed Friday morning by a meeting of the board of directors. There was no election of officers at this session, as officers are elected only on alternative years. Neither was the place of the next meeting decided upon, as there were no invitations read. This will be decided upon later.

WOMAN IN CONTEMPT.

Was Brought from Bradford County as a Witness in Important Case.

From Friday's Daily Sun:

Deputy Sheriff Durden of Bradford county brought to this city Wednesday a colored woman, Charlotte Tyson, who was in contempt of court in Alachua county on account of her failure to appear as a witness in the circuit court on a certain case in which her name was called. It appeared, however, fortunately for the woman that the case was not called in its order on the docket, as it might have gone hard with her.

The attorneys for the defense, when the case was called in its regular order, called the names of witnesses, when the Tison woman failed to answer. She was regarded as an important witness for the defense, and the attorneys for the defense asked for an attachment, with the request that the case be continued, which request was granted by the court.

The woman was located in Bradford county. She evidently did not realize the gravity of her failure to be on hand at the time her presence was required, but the attachment was issued and served, and she was brought to this city and placed in jail until the case is disposed of in either one way or another.

LINGERING COLD

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by all druggists.

Mr. Schafer's Party.

As is his custom, R. T. Schafer on Thursday evening tendered a delightful birthday party in honor of his good wife, at which there were present a number of his most intimate friends.

This supper comprised many of the delicacies of the season, including roast wild duck with oyster dressing, and many other of the good things of this world to eat.

While Mr. Schafer could not invite all his friends, (for that procedure would have required a dining room larger than the city afforded), his most intimate acquaintances were honored, and those fortunate enough to be present enjoyed the big dinner set before them.

After a fine feast, the guests departed, voting unanimous thanks to the clever host and hostess, who always do things right.

Mr. Schafer stated yesterday that he would so much loved to have invited all his friends, but owing to the limited capacity of the dining room he was unable to do so. The only guests at this dinner was himself and wife, his bakers and their wives.

DR. BARRY DEAD.

Well Known Man of Newberry Passed Away at Boarding House Here.

From Friday's Daily Sun:

Doctor N. J. Barry, a prominent druggist of Newberry and a well-known and prominent citizen in the West End, died suddenly at a boarding house in this city at 6 o'clock Thursday morning of hemorrhages of the lungs, after a very brief illness.

The deceased, who has been here for the past few days attending court, retired in apparently his usual health Wednesday night. He occupied a room with his friend, Moses Slaughter, of Bell, and upon laying down was in a fine mood, conversing in a very friendly manner. A few moments after he had retired, however, he suddenly arose and leaning over a receptable in the room, began to vomit. Mr. Slaughter asked him what was the matter, when he replied that he was in "a bad fix." He told Mr. Slaughter that something had to be done for him at once, or he would die.

Mr. Slaughter noticed that he was vomiting blood, and at once summoned Dr. J. F. McKinstry, Jr. As soon as Dr. McKinstry arrived he realized the serious condition of the patient, and summoned Dr. E. Lartigue in conference, but, despite the efforts of the physicians, nothing could be done, and death came to relieve the suffering at 6 o'clock.

Deceased was about forty-three years of age, and a native of this county, having been born near La-Crosse. He has been engaged in the drug business at Newberry for the past ten years, where he had made himself very popular by his clever, genial disposition. He is survived by a widow and one son, William, twelve years of age, to whom the sympathy of the community is extended.

The deceased had been suffering from lung trouble for some time, but recently his condition seemed greatly improved, and it was hoped that he would evidently be restored to health.

The remains were taken to Antioch Thursday, where the interment will be held in the family burrying ground today.

Deceased was a member of the Masons and Odd Fellows, and the exercises today will be conducted under the ritual of the latter order.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by all druggists.

In the Hospital.

From Friday's Daily Sun:

William S. Tillis, a well-known young man of Waldo, is confined at the National Odd Fellows' Sanitarium from the result of a surgical operation performed upon him a day or two ago. The patient is resting easily, and the attending physicians believe that he will recover nicely from the operation.

Mr. Tillis has many friends in this city and section who will regret to learn of his misfortune, and trust that he will soon be himself again.

PROF. SMITH HAD NO PLACE TO TALK

Invited to Speak on Important Matter, But No Hall Provided.

PROF. SMITH WAS DISAPPOINTED

He Had Talked for Ten Days in Succession, Excepting Sundays, But Declared He Was Anxious to Tell the People of This Section Something.

W. G. Smith, an expert on soils from the Bureau of Soils, Department of Agriculture, United States Government, is among the prominent visitors to this city, having arrived Friday for the purpose of delivering a lecture on soils to the people of Gainesville and Alachua county.

Prof. Smith came here on a special invitation from Hon. Frank Clark, but when he arrived an embarrassing condition confronted both Congressman Clark and the speaker, as the courtroom was occupied, and it was impossible to secure a hall, hence the address, which might have been of so much benefit to the farmers of the community, was impossible. Prof. Smith was scheduled by Col. Clark to speak from the band stand on the north side of the square; but Prof. Smith declared that no effective results could be secured from an open-air lecture, which resulted in the final calling-off of this speaking.

Later in the afternoon, however, Prof. Smith made a brief speech in the law offices of Clark & Fielding to a small group of farmers, and his remarks were listened to with great interest.

Prof. Smith, who is yet a young man, is a native of Minnesota. He is a young man of very pleasant address and amiable disposition, and it is easy to become acquainted and "feel easy" with him from the start—clever, hospitable and one whom it is easy to approach. He was born in 1871, hence is thirty-six years of age. He graduated at the University of Minnesota, at Minneapolis, 1897, and entered the Government service two years later.

During his term at the University of Minnesota Prof. Smith availed himself of the opportunity of studying life and experience at the United States Government experimental station of the State of Minnesota during his spare time, which advantage he occupied to the best of advantage in studying the soils of the country.

During the past eight years Prof. Smith, who was assigned to Southern territory, has made a special study of the soils of this country. He has studied in Maryland, Tennessee, Georgia, Alabama, Mississippi and Louisiana, where he has gained much from hard study and practical experience, which affords to him an excellent advantage in the study of the soils of Florida, a combination which is found in no other State.

Prof. Smith was found at the Brown House Saturday, and judging from his expression really felt sorry that he could not have delivered his lecture, notwithstanding that he has made ten addresses in as many days. "I have my whole heart in the matter," he said, "and it is too bad that the conditions were such that I could not find a place to address the people—especially the farmers—on the all important matter which means life to them. While I realize that a great many of them are farmers who know their business and are doing well, I know that I could help them in my suggestions, for I have made a study of every branch of agriculture and horticulture.

"The South has many advantages over other sections of the country in the raising of crops, notwithstanding the fact that in many sections the farmers claim their lands are worn out," remarked Prof. Smith. "In the assertion that their lands are worn out they are wrong. They are simply improperly tilled. That is the greatest trouble with the Southern farmer today, and has been for years. They are ambitious enough, but simply because they merely break the ground, overload the furrows with commercial fertilizer, actually crowd out the dirt of mother earth, and try to make, in the old proverbial passage, two blades of grass grow where only one grew before. This is a serious mistake of the farmer, and before he accomplishes a great deal in propogation he must make up his mind to 'plough deep' and use more soil and less fertilizer.

"I do not wish to be understood by these remarks that I am an enemy to commercial fertilizers," continued Prof. Smith, "for it is the reverse. It is the exorbitant use of commercial fertilizers that I abhor—and the manufactures of these fertilizers will tell you it is a mistake. They are not made for the purpose of filling-in furrows made vacant by the removal of dirt, as many farmers believe; but they are intended merely as an invigorator of the soil, and if they are used in that manner will prove more satisfactory both to the consumer and the manufacturer.

"When the soil has been deepened by the use of deeper plows—say from eight to ten inches—your planter will revel in much better results; but his labors must be incorporated by the liberal incorporation of plenty of vegetable matter, when he will find that a very limited distribution of commercial fertilizers will give him a much better and more profitable result. The necessary things to a prolific crop is a deep stand, and liberal use of commercial fertilizer, on top of the turn-under of vegetable matter.

"There are two ways of getting vegetable matter into the soil," continued the expert. "One is a direct application of barnyard manure, ten to twenty two-horse loads to the acre, broadcast before ploughing; another is to grow leguminous crops, such as beggarweed, velvet beans, cowpeas, etc., afterwards turning them under. The pea vine has proved the most effective in Georgia, but I am rather impressed that the velvet bean and beggar-weed are the best in Florida, being the best under Florida conditions.

Long Staple Cotton.

"Your farmers will find out within the course of the next two or three years that the difference in planting long staple cotton will amount to something," said Prof. Smith. "While I have not yet had the opportunity to study this condition well, I have been in Southern Georgia, where they raise long-staple cotton. I have noticed that a great, big, giant stalk, with big, healthy-looking bolls, came up beside a little, weasley stalk. This thing will not do when it comes to selecting seed, and the best thing the grower can do is to take the 'pickings' from the big stalk, bottom and middle branches, not attempt to gin them, but plant the bulb and seed together in a separate field, where he will have a 'stand' for the coming year. If he will eliminate the seed from the small plant and will continue to improve in this way, he will find in two or three years that he has gained from 10 to 15 per cent, probably more. This is not based on theoretical principles, but on actual field experience.

"This application may not only be applied to high-yielding crops of the nature mentioned above, but to corn or any other crop," continued the expert. "Everything works along the same line, and you will find corn, oats, etc., less productive in proportion, but very satisfactory to the planter."

Prof. Smith expects to leave for Live Oak today, where on Monday he will address the people of Suwannee county.

Recipe Is Easily Prepared at Small Cost, and Many Swear By It.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive Kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

The Scranton (Pa.) Times was first to print this remarkable prescription in October, of 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.

STROBHAR IS GUILTY DECLARED THE JURY

Convicted of Embezzling $7,500 from Atlantic Coast Line.

A MOST INTERESTING CASE

Case Was Called on Monday, and Has Occupied Time of Court Entire Week—Jury Out Sixteen Hours. Motion for New Trial Was Denied.

From Saturday's Daily Sun:

"We, the jury, find the defendant, J. N. Strobhar, guilty. So say we all. W. D. Fagan, foreman."

This was the verdict rendered by the jury in the famous case of the State of Florida vs. J. N. Strobhar, charged with embezzlement in the sum of seven thousand five hundred dollars, while agent of the Atlantic Coast Line as this point.

The jury was composed of W. D. Fagan, F. T. Rutherford, C. C. Drummond, Geo. H. Gibbons, W. H. Jones and L. P. Tillman.

This case, which has been on the docket in the circuit court of Alachua county for the past two years, being continued from time to time, was called on Monday of the present week, and has occupied all the time of the court during the week.

The best legal talent which could be secured on either side was employed, and the case was fought on every legal point.

The argument for the defense was concluded Thursday afternoon about half-past 5 o'clock, when the charge of the court was given, and the case was left to the jury, with the understanding that if a verdict was reached within a reasonable hour the court would reconvene. There was no verdict reached, or reported, however, and after about sixteen hours' confinement, the verdict was rendered at the opening of court Friday morning.

A motion for a new trial was made and urged in the afternoon, but the same was denied, when the defendant was sentenced to three years in the penitentiary.

An appeal was taken, and the defendant's bond was fixed at $4,000, pending the giving of which the defendant is in the custody of the sheriff.

BOY CAME NEAR DROWNING.

Infant Son of Dr. Hicks Had Narrow Escape.

[Starke Telegraph.]

Dashwood, the infant son of Dr. and Mrs. P. D. Hicks, came near drowning Monday in a tub of water. The little fellow is just large enough to walk, and while in the yard with his father stole around the house and began to play in the tub of water. When found a few minutes later by the father he was standing on his head in the tub, scrambling to get out. Dr. Hicks snatched him up and had the presence of mind to stand him on his head, allowing the water to run out of his lungs. The little fellow had swallowed about a quart of water and would have drowned in a very short time.

Fancy Staple in Demand, But No Improvement in Receipts.

Savannah, Ga., Nov. 23.—The market was firm for fancy Georgias and Floridas, but dull and easy for the other grades. The demand was for the higher grade, but some of the lower grades were worked off along with the fancy. Quotations are at previous outside figures for fancy and extra choice Floridas, and are unchanged for the rest.

No improvement is shown in the quality of the receipts, high grades being evidently very scarce in this crop.

The ginners' report showed ginned to November 14 this year 42,708 bales, against 30,671 bales last year and 64,103 bales in 1905. By States the report showed Florida, 14,492; Georgia, 22,681; South Carolina, 5,535. The Florida yield is apparently short, and the prevalent estimate of the total crop is now about 80,000 bales.

LOWMAN'S TO MEET JUSTICE IN ALACHUA

Alleged Murderers Will Face Alachua County Jury.

MANY PEOPLE WILL BE PRESENT

Witnesses and Others from Levy County Will Come by the Score, and It is Expected That the Trial Will be One of Unusual Interest.

From Sunday's Daily Sun:

The coming week's session of the circuit court promises to be among the most sensational and interesting ever held in this circuit, being the arraignment and trial of Joseph Lowman and his son, Geo. B. Lowman, charged with the murder of Bishop Phinney at Raleigh some six months ago.

From the evidence which was obtained at the preliminary hearing it was stated that the Lowmans, who had been "laying" for Phinney, met him in a store, and immediately after the meeting, had pumped him full of buck-shot without provocation. Notwithstanding that "Old Man" Lowman had argued with them and had gotten out to where his horse was standing, and as he attempted to mount the horse he got the shot.

This tragedy so incensed the people of Levy county that public sentiment appeared against the Lowmans who were not arrested for two or three days after the tragedy. They were taken to jail at Bronson, where the feeling was so high at the time that it was impossible to hold the trial without comment, and finally the case was brought to Alachua county on change of venue.

This case will no doubt attract a great deal of interest in this county, and it is expected that the court will be filled with witnesses and those interested next week.

WASHINGTON CORRESPONDENCE.

Washington, D. C., Nov. 21.—Congressmen and other winter visitors are putting in their annual appearance in this city, and National politics and the financial panic is the general topic of conversation. The meeting of Congress always brings to Washington a horde of people loaded with personal and patriotic schemes to present to the National Legislature. It is certainly amusing to note the number of designs on the National treasury, but as all the surplus cash has been loaned to the National banks, from which it cannot be recalled without inviting further financial disaster, the necessity of keeping appropriations within the limit of the Government income will compel even the most extravagant Republican statesman to be in a measure economical. The estimates of the heads of departments, however, all call for increased appropriations. The Secretary of the Navy wants more ships and larger navy yards; the Secretary of War insists that millions are needed to complete the coast defense, especially those in our insular possessions; the Secretary of Commerce and Labor asserts that an increased number of immigrant inspectors are necessary; the Secretary of Agriculture declares that he cannot enforce the pure food law without more food inspectors and chemical laboratories; the Secretary of the Interior must have more patent examiners and land inspectors; the Attorney-General more special attorneys to investigate the doings of undesirable citizens, so that if possible a malefactor of great wealth may be jailed as the crowning glory of the Roosevelt administration. Increased pay for the soldiers and sailors and the civil service employes averaging 30 per cent will add to the appropriation bills many millions, if full justice is done to those public servants.

The policy of the Republican leaders in Congress is to enact as little legislation as possible, pass the appropriation bills and adjourn in time to take a hand in the Republican National Convention, but as every Congressman will have at least one speech, and most of them many more, on the asset currency bill, the Philippine tariff bill, the German tariff agreement, the improvement of the Mississippi and its tributaries, the amendment of the Sherman anti-trust law, the over-capitalization of railroads, the parcels post bill, the Federal corporation bill, and any other legislation they think will especially interest their constituents, it will require many months to exhaust this stream of eloquence.

Republican politics are in a chaotic condition and will probably remain so until the meeting of the National convention, for it seems impossible for our Republican brethren to settle on who shall be their candidate for President until noses are counted. The President refuses to give any sign of a change from his original determination of refusing to be a candidate for a third term, but the Roosevelt boomers refuse to take him at his word, which leads to demoralization in the camps of the other candidates. From what I can see the President is playing a deep game of allowing delegates to be tied up for him and when the time arrives will use these delegates for the man of his choice—Taft if possible, but quite probably Cortelyou. I do not expect to see Mr. Roosevelt accept a third term nomination, although it is possible it may be offered to him.

Democratic politics are also in a chaotic condition, for there is not a single declared candidate for the nomination for President. There is no doubt that a majority of Democrats are for Mr. Bryan, but the question is will all the Democrats of the doubtful States give him hearty support and thereby carry enough of the doubtful States to win the election with the independent vote that is also necessary? The result of the late election in Nebraska and elsewhere in the West does not seem to offer much chance of Democratic success, but when we turn Eastward the tide runs more favorably.

One of the most prominent Democrats of the country with whom I recently talked about the plans and policies of the party said: "The Democratic party must win in the next campaign, if it wins at all, by appealing successfully to the very classes of voters who have hitherto resisted the appeal of Mr. Bryan's eloquence and attractive personality. A Republican candidate could win by merely holding and uniting his party. But the Democratic candidate must do more than that. He must be able to turn back the tide which has been running against the Democrats ever since 1896. The 600,000 defeat of that year was followsd by one of 800,000 in 1900; and this was followed by one of 2,000,000 in 1904, when many of Mr. Bryan's supporters voted for Roosevelt, who they regarded as a better candidate than Parker. This seems to show that Mr. Bryan, who supported Parker, could not control his own following at that time. Can he do more today? Can he unite the two factions of the party? Can he withdraw from Roosevelt the Democratic radicals who went to him in 1904? Can he satisfy the demands of the strict constructionists in his party? As matters now stand, it appears that Mr. Bryan, whose own State has just voted against him, is in a position to decide those questions for himself, and take a third nomination, if he desires it. But to invite a third defeat is a heavy responsibility for any man to assume."

That Democrat's opinion of the critical condition of the party is endorsed by many other thoughtful party leaders with whom I have also consulted. There is no doubt that the opinion of the delegates to the Democratic National Convention from the doubtful States will have great weight with the delegates from the certain Democratic States, and they will have to, in a measure, divide the responsibility with Mr. Bryan on whether he, or some other man, is the most available candidate. The Democrats must carry New York, New Jersey, and one of the great Central States of Ohio, Indiana, or Illinois to win, so the paramount question is, who is the most available candidate to consolidate the Democratic vote and draw enough independent voters to carry at least one of those States in addition to securing the electoral votes of Rhode Island, Delaware, Maryland and Kentucky, which have stronger Democratic leanings.

ROBERT MILLER.

APPEAL FOR "THE BREAD LINE."

The Bowery Mission "Bread Line," at which 1,000 men who are out in the streets for the night are given a breakfast of hot coffee and rolls every morning at 1 o'clock, is one of the most pathetic sights in all the wide, wide world. Long before the hour of opening, these poor, starving men stand in a single line that sometimes extends for blocks in length, waiting for the coffee and rolls. During the last winter, this breakfast was given to a total of 144,000 homeless men and boys, and up to date nearly half a million of the homeless have had their weary tramp restfully interrupted by this unique ministration. The first of these breakfasts is given on Thanksgiving morning, and the last on the following Easter morning. Altogether the Mission supplied, this year, over 233,000 meals and 10,072 lodgings to homeless men and boys.

It is for this grand, philanthropic work that we ask your kind and practical co-operation. The homeless, friendless, disheartened and despairing men and boys of the Bowery are not native New Yorkers, but men and boys who, until within a year, lived happily at the old homestead with father and mother, and perhaps wife. They are stranded here, and in despair appeal to the Old Bowery Mission, which, for over thirty years, has been to the unfortunate, as the rescue cities of old, a haven of encouragement, rest and protection. Shall we turn them away? It rests with the good people of this country to decide this question, and may God graciously help you to decide it aright.—John C. Earle, Financial Secretary, 92 Bible House, New York City.

GOVERNOR BROWARD AS EDITOR.

The rumor that Governor Broward may go into Florida journalism when he retires from office affects us most pleasantly. During his term as Governor, he has had much to say in criticism of the press of this State, and at times has seemed to think it a sin, per se, for any newspaper to question the wisdom of his policies. Now we would like him to get the benefit of a different point of view, and as editor of a newspaper see how far removed from infallibility is even the chief executive of the State. We would warmly welcome Editor Broward to our noble fraternity and would chuckle with joy to see him launching his shafts of editorial criticism at some other Napoleon dressed in a little brief authority who would promptly retort upon him with blighting scorn by referring to him as "a little 2x4 editor." You remember the phrase, Governor? You didn't originate it, for it has been in use for generations by politicians squirming under press criticism; but if our memory serves us correctly, you have hurled that ancient chetsnut at Florida newspapers on more than one occasion, and we want to see some Jove on High Olympus up at Tallahassee hurl it at you a few times and carefully observe its effect upon a new hand at the bellows. It has been so long since we heard it the first time in our own case that we have forgotten the sensation. "Little 2x4 editors!" It seems severe, but as a matter of fact it is perfectly harmless—a venerable petrifaction which veteran editors regard as something in the nature of a curio in newspaper museums and point it out to visitors as a specimen of the now obsolete weapons used in the ancient warfare of primitive journalism.—Live Oak Democrat.

NO INTERIOR MAN.

[Ocala Banner.]

In the whole list of candidates it will be seen that there is no man a candidate from any interior city.

Mr. Stockton, Mr. Bryan, Mr. Fletcher (Mr. Broward, who will probably announce later), are all from Jacksonville, a seaport city.

Mr. Mallory and Mr. Beard are from Pensacola, a seaport city.

Mr. Sparkman, Mr. Park Trammell and Mr. T. J. L. Brown are from Tampa, a seaport city.

Mr. Albert W. Gilchrist is from Punta Gorda, a seaport city.

Mr. Jefferson B. Browne is from Key West, a seaport city.

In all that vast territory, stretching from Pensacola to Key West, no candidate is to be found except those who hale from the seacoast.

This means that the interior must continue to hew wood and draw water for the seaport cities.

The politics of Florida and the legislation of Florida are shaped to discriminate against the interior cities in favor of the seaport cities, and in consequence of which we more and more ascertain that anything like a wholesale business outside of a seaport city is an idle dream for Florida.

All that a man living in an interior city is expected to do is to throw up his hat and shout himself hoarse for the fellow from the seaport city, while from every commercial point of view our hands are tied, and business is taken away from us, and we lie prone and helpless, unable to move hand or foot—not only in Ocala, but in every interior city. Why continue to fasten stronger the cords that bind us?

The Portland (Ore.) paper which pooh-poohed at the recent financial troubles as a "Wall Street panic made to order" can now reflect on why 15,000 railroad laborers out of a job are centering in Portland. Is it the wisdom that lingered?

These pointed stories about mycological bureaus, where all the mushrooms gathered in a region can be submitted to tests as to edibility before eating, remind us that this season is just the season for the "inky caps."

A financial bureau ticker yesterday brought the remarkable announcement that "Charles G. Gates made his appearance on the feggojvgojyndkpjpnaujkndlujmnkjdupodrjydrjydgajojuo." How did he get there?

The general cancellation of notices of withdrawals of deposits from New York savings banks is another straw that shows how the wind has "died down."

They have been having exhibitions of galvanized antiques in Kansas City and Westward: John L. Sullivan and Jake Kilrain in boxing bouts.

Mrs. Leslie Carter has gone into bankruptcy. The exchange of a manager for a husband seems to have been bad business.

BROWN'S LOVE NOTES

They Form Important Part In Testimony In Bradley Case.

TULL OF ENDEARING WORBS

Letters Have Been Classified by Both Sides to the Controversy and Will Be Presented to the Judy from Time to Time.

Washington, Nov. 22.—It has already become evident that the various letters written by former United States Senator Brown to Mrs. Bradley and those written by Mrs. Bradley to Mr. Brown will form an important part of the testimony in the case against her on the charge of murdering Mr. Brown, which is now on trial before Judge Stafford.

More than a hundred of Brown's letters to the woman were identified in court Wednesday and a smaller number from her to Brown were also presented for the sam epurpose. The letters have been classified by both sides to the controversy and they will be presented to the jury from time to time as the case progresses.

In most of the letters from Senator Brown to Mrs Bradley he addresses her as "Dolly," but this is frequently changed for the words "Sweetheart," "Love," "Beloved," "Dear Heart," "Angel," "Darling," "Wife," and "L. M. J.," the meaning of the initials, as was developed in Mrs. Bradley's testimony, "Little Mint Julep," which was one of his pet names for her. The letters are full of endearing phrases, and in them the senator seems to have laid bare many phases of his character.

In one letter on the 18th of May, Mr. Brown says:

"I do hope to make an arrangement by which you can come back here and I live with you. I believe, madam, (meaning his wife) will consent to a divorce. Certainly you and I cannot live apart. I shall die and you will go wild if we do not get together."

Again on May 23rd, he takes up the question of his divorce from his wife, saying:

"Have been in hopes that I could get some one to help me and see Madam and obtain her consent. I think she will, if rightly approached, but I cannot. But will see that some step is taken towards the final consummation and will never cease until you are my recognized wife."

Ms. Bradley testified Wednesday that Brown and she frequently quarreled and on one occasion she struck him in the mouth with an umbrella because of cruel things said to her.

INSANE COMMERCIALISM.

Gov. Comer Refers to Same In His Thanksgiving Proclamation.

Montgomery, Ala., Nov. 22.—"In san commercialism and reliance on the power of wealth, has received a check" says Governor B B. Comer, in his Thanksgiving proclamation issued Thursday. "There is less evidence of thoughtless and remorseless combinations made for the purpose of undue gain," he continues. He finds that there is a desire to return to sane methods and meritorious usuages, which, "though countrified in name, like the salt put in the spring at Jericho by Elisha, to heal and cure the waters, from the beginning of time has led to happy and successful accomplishments."

After praying for the "passage of this financial brain-storm, creating a dementia of business," the governor concludes:

"While some stagnant water will be left, the country is now being inoculated with the old-time methods of prudence, care, honesty and fair dealing which will result in clearing and curing the situation."

NEWBERRY NOTES.

Newberry, Fla., Nov. 21.—Mrs. Gracie Alford, formerly of this place, was brought in today, a corpse, from Dunnellon, and buried in Jonesville cemetery. The cause of her death is not known to the writer. Mrs. Alford was formerly Miss Gracie Williams, daughter of Mr. and Mrs. G. A. Williams of this place. She leaves a husband and one child to grieve her untimely death.

H. M. Andrews, an important employe of the Cummer Lumber Company, has recently gone to Atlanta, Ga., to have his eyes treated. Mr. Andrews is having serious trouble with his eyes, but his friends trust that he will return shortly with unaffected sight.

Captain Kelley's Funeral.

The funeral of Captain Geo. W. Kelley, the sad death of whom occurred at the home of his daughter in Seminole, S. C., was held at Windsor last Thursday afternoon at 4 o'clock, Rev. Thos. P. Hay, of the First Presbyterian church of this city, officiating.

The pall-bearers were J. D. Matheson, W. D. Dickinson, J. F. Bunch, J. A. Rosborough, John Torode, J. R. Zetrouer, all old friends of the deceased.

The floral decorations were numerous and beautiful. The ladies of South Carolina supplied many handsome floral tributes which were placed on the coffin, and the J. J. Finley Chapter, U. D. C., and the Colfax Rebekah Lodge, I. O. O. F., also sent handsome designs, which were highly appreciated by the family.

The remains arrived over the Seaboard, arriving at Fairbanks about noon Thursday. They were met there by the hearse and pall-bearers, who accompanied them to Windsor. The interment was held in the old family burying-ground, where a large gathering awaited the corpse, among whom were many colored people, old servants and friends of the deceased, who was quite popular with all.

The sympathy of the community is extended to relatives of the deceased in their hour of affliction.

Captain Kelley was a Mason, and was also a member of the Independent Order of Odd Fellows.

NOT A FORTUNE HUNTER.

Duc De Chaulnes Proves His Affection For Miss Shonts.

New York, Nov. 22.—According to friends of the Shonts family in this city, President Theodore P. Shonts, of the Interborough Metropolitan railroad, was persuaded to allow his daughter, Theodora, to become engaged to the Duc de Chaulnes by members of the family and by the duc himself.

The duc finally succeeded, it appears, in convincing Mr. Shonts that he was not a fortune hunter. It seems that when Mr. Shonts first heard of his daughter's attachment for the duc he declared emphatically that he could not yield to foreign families. Nor did Miss Theodora receive much support at the hands of her mother and sister. But Mr. Shonts determined to treat the duc fairly and he entertained him at the Shonts home in Washington. There the duc continued to press his suit with Miss Theodora, and he won over all of the family except Mr. Shonts. Then the persistent Frenchman tried to influence Mr. Shonts, but did not meet with much success until Mr. Shonts realized that he was entirely alone in his opposition. Previous to giving his consent, however, Mr. Shonts insisted that the duc must show his good faith by waiving any question of a dowery. This, it is said, the duc readily did, which proved to Mr. Shonts that his affair with Miss Theodora was really a love match.

The duc will sail for France, but he expects to return here about Christmas.

KICKOPEE ONDIAN LANDS.

Much Fraud in Connection Therewith Uncovered.

Oklahoma City, Okla., Nov. 22.—The senate committee investigating the charges of frauds in the sale of Kickapoo Indian lands, completed their examination of witnesses at Shawnee Thursday evening. Senators Curtis and Teller, passed through this city Wednesday on their way to Washington where the investigation will be completed.

Such fraud is reported to have been uncovered that it is believed that it will prevent congress from moving the restrictions on Indians belonging to the Five Civilized tribes.

Senator Curtis, who has heretofore favored the removal, says since taking part in the investigation, that he will oppose it in the United States senate.

Killed Woman and Self.

Tampa, Fla., Nov. 22.—Karl Christian, aged 24 years, shot and killed Mrs. Florence Williams Wednesday and then turned the revolver on himself, inflicting a fatal wound. R. W. Williams, the husband of Mrs. Williams, arrived on the scene of the tragedy in a few minutes, and had to be forcibly prevented from kiling himself. Mrs. Williams was formerly Miss Florence Simons, of Summerville, S. C., and Christian has a brother living in Palatka, this state.

CANE SYRUP

By John Belling.
Fla. Agricultural Exp. Station.

When you boil down cane-juice to make cane-syrup, the loss of water as steam is not the only change. Some of the cane-sugar is changed by the acid and the heat into a different sugar (invert sugar), which will not form solid sugar in the syrup. Unless a large part of the cane-sugar is changed in this way, the syrup will form solid sugar as it cools. The acid in the cane-juice is very important, since without acid very little of the cane-sugar is altered. If we are making sugar (not syrup), we take away the acid by adding lime. But in making syrup we should leave all the acid. The more acid the better. If the juice ferments a little and becomes a little acid it would not make sugar so well, but will make all the better syrup. In making sugar, the more quickly the juice is boiled down, the more sugar we will get. It is just the opposite with syrup; for the slower we boil down, the thicker we can make the syrup without it surging.

How Far to Boil.

The thicker we make our syrup, the less likely is it to ferment. So we want to get the syrup as thick as it can be made without sugaring. Having found the best point, some means is wanted by which we can get syrup of exactly the same thickness every time. This is proved by a hydrometer or by a thermometer. In Florida good syrup is made by boiling the juice until the Beaume hydrometer stands at 34 degrees in the hot liquid. If the Japanese cane is being used, it may be boiled to 35 degrees Beaume. In using the hydrometer some of the boiling syrup is dipped out in a vessel deep enough to float the hydrometer. The surface of the liquid, when free from froth, marks the degree. If a Brix hydrometer is the one used, the point will be 62 degrees Brix for ordinary cane and 64 degrees for Japanese cane. Some makers of syrup do not boil so thick but their syrup ferments more easily. Syrup boiled to a higher degree is better for keeping, if it can be made without sugaring. If a thermometer has a scale up to 240 degrees Fahrenheit, it can be used for syrup-making instead of a hydrometer. It is dipped into the boiling liquid, and when the height of the mercury reaches 221 degrees, this is nearly the same as 34 degrees Beaume. When a good syrup has been made and its boiling point noted, any other syrup which boils at the same point will have the same thickness.

Hydrometers.

The hydrometer should be used only in the hot liquid, since it floats about 4 degrees (Beaume) higher in the cold syrup. Hydrometers for syrup testing may be procured through drug stores, and the most manufacturers of chemicals. E. Emer & Amend, 205-211 Third avenue, New York, in their catalogue for 1905, have a Beaume hydrometer for syrup, price 50 cents. (2) Arthur H. Thomas Co., 12th and Wood streets, Philadelphia, in their catalogue for 1906, have a Beaume hydrometer for syrup, price 45 cents. (3) E. H. Sargent & Co., 143-145 Lake street, Chicago, in their catalogue for 1907, have a Beaume hydrometer for 75 cents, and a Brix hydrometer at 75 cents.

Census Report on Cotton.

Washington, Nov. 22.—The census report on cotton ginned from the growth of 1907 to November 14 is 7,311,202 bales as half bales as compared with 9,762,242 bales for 1906 and 10,725,180 for 1905. The round bales included is 90,862 for 1907 and 90,862 for 1906. Sea Island bales are 28,671 for 1907, and 30,671 for 1906 and 31,180 for 1905. The number of bales ginned to November 1 was 26,271 for 1907, and 26,271 for 1906.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle

GAINESVILLE POISON FACTORIES.

You Will be Surprised to Learn How Many There Are.

Did you ever feel stupid and dull after eating a hearty dinner?

When food is retained too long in the stomach, because of stomach weakness, the poison factory works overtime and there is giddiness, confusion of thought, despondency, heartburn, sleeplessness, nervous trouble and other forms of indigestion.

The general use of Mi-o-na stomach tablets puts within the reach of everyone a reliable and positive cure for all stomach weakness. Mi-o-na quickly cures the worst cases of indigestion, and the pain and distress which is often felt after meals will soon disappear, such is the wonderful curative power of this little tablet.

Mi-o-na acts upon entirely different principles from any of the other remedies that have been used in stomach trouble. It is taken before meals, and has a specific strengthening action upon the muscles of the stomach, increasing the flow of digestive juices and making the stomach get to work and digest easily and naturally the food which is eaten.

J. W. McCollum & Co. see so many cures made by Mi-o-na that they give a guarantee with every 50-cent box that the remedy costs nothing unless it cures.

Dancing Proves Fatal.

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. J. W. McCollum & Co.

Sweet Potatoes for Hogs

By John M. Scott.
Florida Agricultural Exp. Station.

In all feeding experiments it has been found that rations containing a high percentage of carbohydrates (fat and heat-producing material) do not give good returns in producing meat; but if sufficient protein (muscle and bone-producing material) is added, so as to give the animal a balanced ration (or one nearly balanced), the results are generally satisfactory. It makes little difference in what feeds the carbohydrates are furnished so long as the material is digestible. Since sweet potatoes are a crop easily grown, give good yields, are well adapted to the soils and climate of Florida, and contain a large percentage of carbohydrate, some notice should be taken of them, and they deserve to be studied in order to find out their value as a feed for pork production.

Bulletin No. 90 of this station gives the result of a number of feeding experiments with pigs, in which sweet potatoes were fed in different proportions. It has been pretty clearly demonstrated that sweet potatoes when fed alone are a poor feed for pork production. This is due to the fact that sweet potatoes contain such a large amount of carbohydrates, and such small percentage of protein. The results of these experiments may be summarized as follows:

In a feeding test lasting forty-two days, four pigs were fed on sweet potatoes only, during which time the pigs lost in weight instead of making a gain. The pigs in this test were rather small, averaging only twenty-two pounds. In another experiment with older pigs, averaging about one hundred pounds, the results were a little more favorable, yet the gains in weight were not large enough to make it a paying investment to feed sweet potatoes alone. When some other feed was used in combination with sweet potatoes, the results were quite different. In one test lasting for a period of twenty-eight days, pigs averaging about 150 pounds were fed sweet potatoes and shorts in the proportion of one part shorts to six parts sweet potatoes by weight. The pigs made good daily gains, giving the sweet potatoes a value of 50 cents per hundred (when pork was worth 5 cents per pound) for pork production.

This may perhaps seem to be a very small price for the farmer to receive for his sweet potatoes, but it certainly gives him an idea as to the feeding value of his potato crop. If the market price of potatoes should fall as low as 65 or 70 cents per hundred, it would be a question whether or not the farmer could best afford to put his crop on the market, or feed it to his hogs.

New Bottling Works.

Owing to the increase in business during the past few years, the Gainesville Bottling Works, of which J. M. Brooks is proprietor, have found it necessary to secure larger and more modern quarters, with the result that they have erected to their order a fine building on East Market street, a block from the old stand, which they will occupy in a few days.

This building affords every opportunity for a modern plant being arranged in accordance with the best and most modern plants of the country. Mr. Brooks will move all his machinery into the new plant, and when the new machinery which has been ordered is installed it will be second to none in the country.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Friday's Daily Sun.

William Birt, a progressive farmer of the Louise section, was in the city trading yesterday.

J. F. Britt, a prominent farmer and trucker of Archer, was in the city trading yesterday.

A marriage license was issued yesterday to Thos. J. Dykes and Clara Bell Crosby, white.

Mrs. J. R. Faircloth of Dothan, Ala., has arrived in the city on a visit to her son, Chas. A. Faircloth.

Mrs. Birt has returned to her home at Louise, after a pleasant visit to her son, Chas. Birt, in this city.

C. E. Melton of Micanopy and Captain J. A. Tucker of Rochelle were among those who spent yesterday in this city.

J. G. Beville of Arredondo, one of the leading farmers of that section of the country, was trading in the city yesterday.

Teachers can have their report cards printed at The Sun office at very low price. Sample form and prices on application.

Mrs. Hellen T. Chesnut and daughter, Miss Ellen, have returned from Alachua, where they have been on a visit to relatives and friends.

Mrs. T. J. Nixon left yesterday for Ocala, having been summoned on account of the illness of her sister, Mrs. W. C. Bull. It is hoped she found the condition of the patient improved.

A pleasant party of young people have returned from Wacahoota, where for two or three days they were guests of Mrs. J. P. Smith and others on a sugar-boiling and cane-pull. The young folks report a delightful time.

W. S. Taylor of Archer was in the city yesterday on a very important mission, as it will be noted in another column of this paper he became a benedict. Friends congratulate him and wish him and his good wife much future happiness.

Mrs. Robt. Boyd of Dothan, Ala., formerly Miss Annie Dickinson of this city is here on a visit to her aunt, Mrs. W. H. Davis, and her cousins, Mr. and Mrs. Chas. A. Faircloth. This lady is quite popular, and has many friends here who are delighted to meet her again.

Mrs. Alexander of Statesville, N. C., who has been here for the past two weeks on a visit to her daughter, Mrs. [illegible] South Gainesville, has returned to her home. This was Mrs. Alexander's first visit, and she was delighted with the city and section, as well as those whom she met here.

[illegible] Archer and Mrs. [illegible] secured a marriage [illegible] were married at the [illegible] yesterday. Friends of the parties will probably [illegible] to hear of the union, but [illegible] much happiness, with [illegible] their troubles may [illegible]

Mrs. [illegible] the same sweet, [illegible] which has characterized [illegible] girlhood, and her old friends here are delighted at the opportunity to meet her again.

Among the prominent country folks who spent Wednesday in Gainesville was T. M. Venable of Arredondo, more familiarly known as "Uncle Tom." Mr. Venable states that notwithstanding draughts, financial panics, etc., the people in his section are prospering, and have enough in their smokehouses to tell Wall Street to go in the direction the oranges and other things went at the time of the big freeze.

Mr. and Mrs. J. H. Jarvis are at home again, after an absence of about three weeks. Mr. Jarvis and son, Hardy, spent the greater part of the time in Norfolk and Richmond, Va., while Mrs. Jarvis remained in Waycross, Ga., as guest of her sister. On their return Hardy stopped over in Waycross for a few days. Mr. Jarvis reports his brother, D. A. Jarvis, who was quite ill in Richmond, much better.

J. W. Gleason of Cheboygan, Mich., who spent last winter in this city, has returned to Gainesville, and expects to spend an indefinite period here. He is accompanied by H. M. Kelley of Cheboygan, who will also remain here for several months. Mr. Gleason reports that he is glad to get back to dear old Florida, as he left an inch of snow on the level in his State, and the weather was unmercifully cold.

T. J. McRae has returned from McRae, Ga., where he went to attend the Centennial Fair. This place was settled by and named after the McRae family, of which he was a descendant, a hundred years ago, and upon the occasion of the centennial celebration there was a large number of representative citizens of the county present to commemorate the event. McRae is now a growing town, with a bright prospect.

Dr. E. C. Pasley of Williston was in the city Wednesday, spending the day here with friends. Dr. Pasley is one of the old-timers in the medical profession, and the weight of years has bended his shoulders and turned him gray; but he is a man in every sense—a man with his full faculties, a man with that heart full of sincerity which marked his career 'way back yonder in the fifties, and one in whom all the confidence in the world can be placed. He is loved by everyone who knows him, not only for his efficiency, but for his faithfulness and his loyalty to his friends.

From Saturday's Daily Sun.

T. D. Bedenbaugh of Alachua was a business visitor to Gainesville yesterday.

J. A. J. Strickland of Hague was among those who spent yesterday in this city.

J. D. McFadden, a well-known citizen of Alachua, was transacting business in this city yesterday.

Miss Jessie Bodiford has returned from Atlanta, Ga., where she has been on a pleasant visit to friends.

W. Frank Malphurs and D. M. Malphurs of Hague were in town yesterday and made The Sun an agreeable call.

Wiley Howard of the Jonesville section, one of the most progressive young farmers of the county, was trading in the city yesterday.

Lost—Between Tioga and Half Moon, locket set with rhinestone cross. Handsome reward if returned to Mrs. H. M. Andrews, Newberry, Fla.

Mrs. R. B. Peeler and daughter, Myrtle, and Mrs. Walter Bradley and son, Wilson, have gone to Windsor, where they will visit relatives for a few days.

Subscribers on rural free delivery routes can send in their subscriptions by the mail carriers. Persons who desire The Sun on such routes can also send money by the carriers.

C. A. Bennett of High Springs spent yesterday in this city on business. Mr. Bennett is an enterprising young business man of that town, and has many friends who are always glad to greet him here.

Wm. J. Ward and family have arrived in the city from New Haven, Conn., and are comfortably located on North Evans street, East Gainesville. These good people are heartily welcomed to Gainesville.

Mr. and Mrs. A. S. Woolley of Seaford, Del., have arrived for the winter and are comfortably quartered at the residence of Mrs. Annie J. Browne. Their many friends are glad to welcome them here again.

Rev. J. B. Holley, formerly pastor of the First Baptist church in this city, but now of Augusta, Ga., and very popular here, is on a brief visit to Mr. and Mrs. J. E. Wainwright. His many friends are glad to welcome him again.

Malcom G. Knight of High Springs, a blacksmith and wheelwright of that town, and one of its most progressive citizens, spent yesterday in this city. Mr. Knight has for years been serving his town as an alderman and is now the honored mayor.

Harry G. Welch and Jesse H. and Fred W. Rice have arrived from New Haven, Conn., and are stopping with Mrs. M. Baguley, corner Arredondo and Orange streets. Mr. Welch spent last winter here and his old friends are glad to see him again.

Friends of Mrs. Hanchett, mother of Mrs. W. F. Yocum, who has been indisposed for some time, will regret to learn that the condition of the patient does not improve. Mrs. Hanchett is rather advanced in years, being in the neighborhood of ninety.

D. E. Godwin and family, who moved to Bronson a few weeks ago with the intention of making it their future home, have returned to this city, and their numerous friends are glad to welcome them again. They are pleasantly located at 109 West Court street.

Fayette Densler, for many years a resident of Gainesville, but for the past ten years a resident of Port Royal, S. C., died at the latter place on the 19th inst. He was a brother of M. H. Densler of Newberry, and had many friends here who deeply regret his demise.

Dr. J. H. Hodges has returned from Jacksonville, where he has been to attend the meeting of the State Medical Examining Board, of which he is a member. Dr. Hodges states that there is quite an influx of physicians now, as more than forty applicants were examined.

From Sunday's Daily Sun:

Mrs. Cochran of Waycross, Ga., is in the city on a visit to Mrs. T. J. Swearingen.

Don't fail to ask for your rebate tickets at Tallant's store, next to express office.

J. J. Cail of LaCrosse was in the city yesterday. He made The Sun a friendly call, renewing his subscription.

Chapped hands are quickly cured by applying Chamberlain's Salve. Price, 25 cents. For sale by all druggists.

Deputy Sheriff W. M. Burch has returned to his home at Tacoma, after having spent a week attending the court.

Franz Weston of Newberry, a representative of the Cummer Lumber Company, was in the city on business yesterday.

A. U. Hilleary of Micanopy, who has been here for the past few days attending the court, returned to his home yesterday.

Hon. T. A. Doke of Monteocha, one of the efficient representatives in the Lower House of the Legislature, was in the city yesterday.

Mr. and Mrs. F. T. McCormick are rejoicing over the birth of a fine boy at their home Friday afternoon. Friends extend congratulations.

Miss Agnes Zetrouer, one of the efficient teachers of the Waldo school, passed through the city yesterday en route to her home at Rochelle, where she will spend Sunday with her parents.

Miss Estelle Beale has returned from Rocky Point, where she went on a brief visit to her friends, Mr. and Mrs. J. S. Crown. She attended the sugar boiling and chicken pillau, which she enjoyed greatly.

Walter Groover, who has been for some time employed here by J. G. Harrold, left yesterday for his home in DeLand. Mr. Groover has decided not to return, and his many friends here will miss him.

Mrs. J. A. Cox has returned from Trenton, where she was called a few days ago on account of the illness of her daughter. Friends will be glad to learn that the condition of the patient is much improved.

Dosha Burnett, baggage man of the Atlantic Coast Line Citra-High Springs train, has been in the city for the past two days, having been off on a couple of days' leave of absence. Dosha's friends here are always glad to see him.

J. R. Fowler, formerly of this city but now of Greenville, was here yesterday looking after his interests. Mr. Fowler is now engaged in the manufacture of lumber in West Florida, and has one of the finest mills in his section.

Mrs. W. C. Jackson and sister, Miss Ida Redding, who have been on an extended tour of the West, are now at Greenville, and expect to return to their home here in a few days. The ladies have enjoyed a most delightful and beneficial trip.

Sump L. Blanton of Wade was among those who spent yesterday in this city. Mr. Blanton has many friends in the city, and notwithstanding that he comes seldom to the county capital, his friends are always glad to welcome him.

Mrs. M. E. Tidd has gone to Jacksonville, where she will visit Mr. and Mrs. J. J. Burton. Friends of Mr. and Mrs. Burton will regret to learn that they are in very poor health, and have been in poor physical condition ever since they left Gainesville.

Miss Hattie Hodges, formerly of this city but now of High Springs, has returned to her home, after a pleasant visit to friends here. Miss Hodges is quite popular in social circles, and has many admirers in Gainesville who are always glad to greet her.

Mrs. James Holder and little son Russell, are in the city from Citronelle, having come on the sad duty of attending the funeral of Captain G. W. Kelley at Windsor. They are guests of Dr. and Mrs. J. L. Kelley, South Arredondo street. Mr. Holder and A. R. Kelley, the latter a son of the deceased, were here but left the day after the funeral, as their services were required at Citronelle.

J. G. Beville and John Holley were in the city from Arredondo yesterday. Mr. Holley, who is supervisor of the school, states that Miss Frasier, the teacher who has been quite ill for the past few weeks and was compelled to undergo a surgical operation, would return to her duties the first of the coming month, which is gratifying information, as Miss Frasier is quite popular among the patrons and pupils.

Among the visitors to this city yesterday was Prof. F. H. Ellis, for several years a prominent school teacher in Alachua county, but who later decided to relinquish this avocation for farming. Prof. Ellis makes a success at whatever he undertakes, with the result that he is making some money even at tilling the soil, which he good naturedly declares is the most independent life on earth. He brought a load of chickens, which he disposed of readily at a fine price.

A ROCKY POINT FROLIC.

Mr. and Mrs. J. S. Crown Entertain Many of Their Friends.

Mr. and Mrs. J. S. Crown of Rocky Point, who enjoy a reputation for their hospitality, entertained a number of their friends from Gainesville and Rocky Point Friday night at a cane grinding and chicken pillau. There were many present, about twenty from Gainesville taking advantage of the invitation to come and enjoy the hospitality of the Crowns.

The Gainesville contingency returned to the city at an early hour, a tired but most contented and happy lot.
